

I. TASEM

FOR THANKSGIVING GORHAM SILVER CARVING SETS LIBBY'S CUT GLASS AND OTHER NOVELTIES

AMUSEMENTS

BUTLER THEATER

Another crowded house cordially greeted Miss Neilsen when she stepped upon the stage, beautifully gowned, last evening, and rendered in her pleasing manner numbers all of which were more than well received. Miss Neilsen responded good naturedly to the several enthusiastic encores. This popular little prima donna will make her last appearance this evening in an entire change, using for her selections "As Through the Street," from La Boheme; "Kiss Me Again," from Mile. Modiste, and a little surprise in two voices. The picture program will consist of Burton Holmes travels, "A Scotch-Irish Reel," and Mae Murray in "Sweet Kitty Belairs." Following her triumph as star in the production "To Have and to Hold."

Tomorrow, Mollie King and Arthur Ashley in "The Summer Girl," a Sidney Drew comedy, and Miss Marie Neilson in vocal selections. Do not miss his big special seven reel art photodrama, "Purity," on Friday, a picture that is crowding all the big first class theaters in the cities.

Take home a quart bottle of delicious old port. 40 cents at the Tonopah Liquor company. Adv. 4

MASON AND SLIDELL CASE APPLIES AUSTRIAN AMBASSADOR

(By Associated Press.)
WASHINGTON, Nov. 28.—Another controversy between the American government and the entente allies is in prospect as a result of the refusal of the British government to grant safe conduct to Count Tarnowski, the newly appointed Austro-Hungarian ambassador to the United States. It is made evident that the unfavorable action of the British foreign office on the notice of the intention of the new ambassador to cross the Atlantic to his post came as an unpleasant surprise. It had not been doubted here that Great Britain would be the last power to deny the character of a diplomatic officer on such a voyage.

Aside from the belief that England would not desire to arouse adverse feeling in the United States by interference with the ancient and generally unquestioned right of a neutral government to receive an ambassador or minister, officials had counted upon Great Britain's record in the Mason and Slidell case to prevent such an action as reported to yesterday's cable dispatches.

The fact is recognized that in protesting against the removal of the confederate commissioners from the

ORIZABA MACHINERY IS NOW ON THE WAY

COMPANY COMPLETES WAGON ROAD FOR DELIVERY OF MACHINERY

Louis K. Koontz, president of the Diamondfield Black Butte Reorganized Mining company, has resigned, the resignation to take effect on the first of January.

His successor has not been named, but it is proposed to initiate a campaign of development that will place both the Black Butte and Orizaba companies in first class shape preliminary to what is expected to be a long period of active production. J. M. Fenwick was elected director and treasurer to fill a vacancy.

The Orizaba will proceed to open the mine below the water level at 95 feet. All the machinery has been bought and part of it, on a 12-horse outfit and an auto truck, is now on the way to the mine from Goldfield. The company has had to build 14 miles of road from Golden to Orizaba before the boiler and machinery could be hauled. On the Black Butte leasers are making money and it is believed that Campbell & Cook, operating the main workings, have picked up the lost quartzite ledge below the fault. Last week this lease shipped one carload that realized \$200 a ton and they are getting out another shipment. This ore is coming from a depth of 110 feet. Two other leasers are getting ready for work.

SPEARHEAD REACHES CONTACT OF THE JUMBO EXTENSION

George Kernick, president of the Spearhead Gold Mining company of Goldfield, is happy over the fact that the shaft has reached the contact entering the shale at a depth of 885 feet. From appearances it is believed the shaft tapped the contact on the side of a hill from which the flow is in an easterly direction. A station will be cut and then lateral work will begin to see if values can be found. The Jumbo Ex got its immense values on the side of a shale hill with the flow almost due west.

WILL DEEPEN SHAFT

The Payroll Mining company, 18 miles west of Millers, has started to lower its shaft from the 250 to the 400 foot point.

SIX SHIPS SUNK ALL IN ONE DAY

(By Associated Press.)
LONDON, Nov. 28.—Lloyds announces that the Danish ship Villemoes has been captured. The captain and crew of the Norwegian ship Belle Isle, who landed today, report their vessel was torpedoed by a German submarine. The French sailing vessels Alfred De Courcey and Malvina were sunk and the British steamer Rhona was sunk. The captain and crew of the Greek ship Christoforos, who landed today, report that vessel was submarined.

MURDER AND SUICIDE

(Continued from page one)
Both husband and wife were crack shots who spent a great deal of their time out hunting in the hills. The wife commenced action here some time ago for divorce, but withdrew the complaint. It is said the wife became enamored with a couple of married men in Tonopah and almost broke up two happy homes.

NEW BOWLING ALLEY

Chris. Sorensen is preparing to provide for Tonopah people a place of recreation such as the town has long needed. He will open a bowling alley in the Wood-Sullivan building in a few days. Under direction of H. Arnold, two standard Brunswick-Balke-Collender alleys have been installed and four modern pool and billiard tables. A soda fountain and light lunches will be features of this establishment.

STRAY BULLETS FIND MARK ON HEALTH SHIP

(By Associated Press.)
NEW ORLEANS, Nov. 28.—Stray bullets from a rifle fired aboard the British steamer Cynthian pierced the smokestack of the health service ship Neptune Saturday at the mouth of the Mississippi. The shooting was accidental.

CHRISTMAS TREE MEETING

Next Saturday evening at 7:30 a meeting of citizens will be held at the office of R. Fred Brown for the purpose of considering the expediency of arranging for a public Christmas tree. A cordial invitation is extended to all.

PERSONAL

SENATOR ZEB KENDALL was a passenger for Goldfield on this morning's train.

J. H. EVANS, the attorney, returned this morning from a professional trip to Reno, Lovelock and San Francisco.

GEORGE STEVENS, superintendent of the Olympic Gold Mining company, east of Mina, was a passenger today for Mina.

W. D. FORSTER, general superintendent and traffic manager of the Tonopah & Goldfield railway, had business here today.

HOMER WILLIAMS, who was injured in the Extension mine, was permitted to leave the hospital today and will go out tomorrow with his mother to convalesce on the coast.

W. J. WEBSTER, president of the Atlas Powder company of Wilmington, Del., arrived this morning and left by special car for Grantsville, where he is operating the old Alexandria mine and employing 30 men.

UTAH COAL COMING DIRECT TO TONOPAH AND GOLDFIELD

Superintendent Forster of the Tonopah & Goldfield railroad, reported today that he was advised that fifteen cars sent east by his line were on the return journey laden with coal. Fifteen other cars are being loaded and they will be hurried through as fast as possible. This averts all chance of a fuel famine.

GREEK STEAMER SUNK

(By Associated Press.)
LONDON, Nov. 28.—A Greek steamer, believed to be the Michael, was torpedoed off Tinos island.

RYAN & STENSON

It's Here! The New Overland 75B

It has the following high grade features: Full-floating rear axle, genuine cellular radiator, cantilever springs, that are hung right, and, we claim, without fear of contradiction, to be the easiest riding car on the market. The bearings are the real annular and Timkir and not those used in other low-priced cars.

Demountable rims and 31x4 tires, and the motor develops loads of power.

After you have had a demonstration in other cars, come and see us and let us prove our claims.
